1. Start on the Statter Harbor side of the road across from Gonzo's, at the flag pole, and proceed on the sidewalk toward DeHarts. Continue past Fritz Cove Rd. until the sidewalk ends. There will be a staircase headed up to a residence at the end, which is almost directly across Glacier Hwy. from the Auke Lake boat launch.

2. Turn here and head back toward the starting point on the same sidewalk, but now facing traffic. Continue past the starting point, running toward the ferry terminal on the shoulder (bike lane) of the road facing traffic, after the sidewalk ends.

3. The turnaround point is past the ferry terminal and Alaska Glacier Seafoods, but before Auk Nu condominiums (off Otter way). There is a fire hydrant on the opposite side of the street as a marker point.

4. Cross the road when safe to do so, to get to the fire hydrant side of the road. Return to the starting point facing traffic, running in the bike lane, and sidewalks when available.

5. End on the Gonzo's side of the road directly across from the Statter Harbor flag pole.

Please make note of your time and submit to your team captain. If you are continuing on with Leg 2, you are at the starting point for it.
